DETAILED ACTION

Drawings

1. The drawings filed 3-31-04 are acceptable.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 5 and 14, in a method for forming a multilayer wiring structure, the prior art does not teach or make obvious the concept of preparing a first substrate at least one surface of which is a first adhesive face having a specified adhesion that is decreased by application of ultraviolet rays or heat treatment, disposing droplets of a first liquid containing electrically conductive particles dispersed in a solvent on the first adhesive face, vaporizing the solvent from the droplets to form a first wiring pattern on the first adhesive face, preparing a second substrate at least one surface of which is a second adhesive face having specified adhesion, disposing droplets of a second liquid containing electrically conductive particles dispersed in a solvent on the second adhesive face, vaporizing the solvent from the droplets to form a second wiring pattern on the second adhesive face, stacking the first substrate and the second substrate such that the first adhesive face faces a first face of the second substrate opposite the second adhesive face and a through hole overlaps the first wiring pattern, and removing the first wiring pattern from the first substrate such that the first wiring pattern is transferred to the first face of the second substrate in the manner claimed by the applicant.

Art Unit: 1734

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
